UNICORN ACADEMY          SIDES: "ALI"

1          EXT. WOODS - CLEARING - DAY          1

An eager fresh-faced first year with Boy Scout energy treks through the trees. This is ALI.

1          **START** —————> ALI  
                               Oh man, oh jeez, I can't believe          1  
                               I'm going to meet my very own  
                               *unicorn*. What a day!

Ali passes a FERN, but stops when he hears a <DING!>

2                           ALI (CONT'D)  
                               Did you hear that?! My unicorn must          2  
                               be close by!

REVEAL: another boy, SAM, hides, trying not to laugh. He's the one who made the DING noise. He does it again: <DING!> Ali hears the ding and looks down at the Fern at his feet.

3                           ALI (CONT'D)  
                               The forest is matching me with a          3  
                               fern? My destiny is... a plant?  
                               <GASP> Unless, this is a unicorn  
                               that was enchanted to look like a  
                               fern! And my destiny is to save  
                               them from their curse!!

4                           (innocent, to trees)  
                               Thank you so much for this honor.          4  
                               I'll protect Ferny with my life.

Sam facepalms, then steps out to reveal himself.

5                           SAM  
                               You're not matched with a plant.          5

6                           ALI  
                               No, this feels right. We've got a          6  
                               real connection. For instance, we  
                               both like the color green--

7                           SAM  
                               It was a *prank*.          7

8                           ALI  
                               A prank? Then... who *am* I matched          8  
                               with?

Just then, a real UNICORN trots in and stops before Ali. We hear a real, musical <DING> from the Forest. A much more magical matching! The unicorn NEIGHS: Hiya!

9 ALI (CONT'D)  
Wow... A real unicorn. 9  
(whispered awe)  
10 You are so shiny. I am obsessed  
with youuuu. 10

11 SAM  
See? *That's* your unicorn! The fern  
thing was a joke! 11

12 ALI  
Ohhhh! <LAUGHTER> A JOKE! I love  
jokes!! But no one's ever joked  
around with *me* before. Wow, is this  
what having a best friend feels  
like?? It's so warm and fuzzy! 12

Ali eyes shine, smitten. Sam's face falls.

13 SAM  
Best friend?! No, that's not -- 13

14 ALI  
What should we call ourselves? Best  
Friend Boys? Magic Mates? The 'Corn  
15 Crew? 15  
(squeezing Sam and  
unicorn)  
16 Two best friends in one day? I'm 16  
the luckiest kid on Unicorn Island!

Off Sam's stricken expression -- he didn't know the bright-  
eyed optimist he was dealing with!
